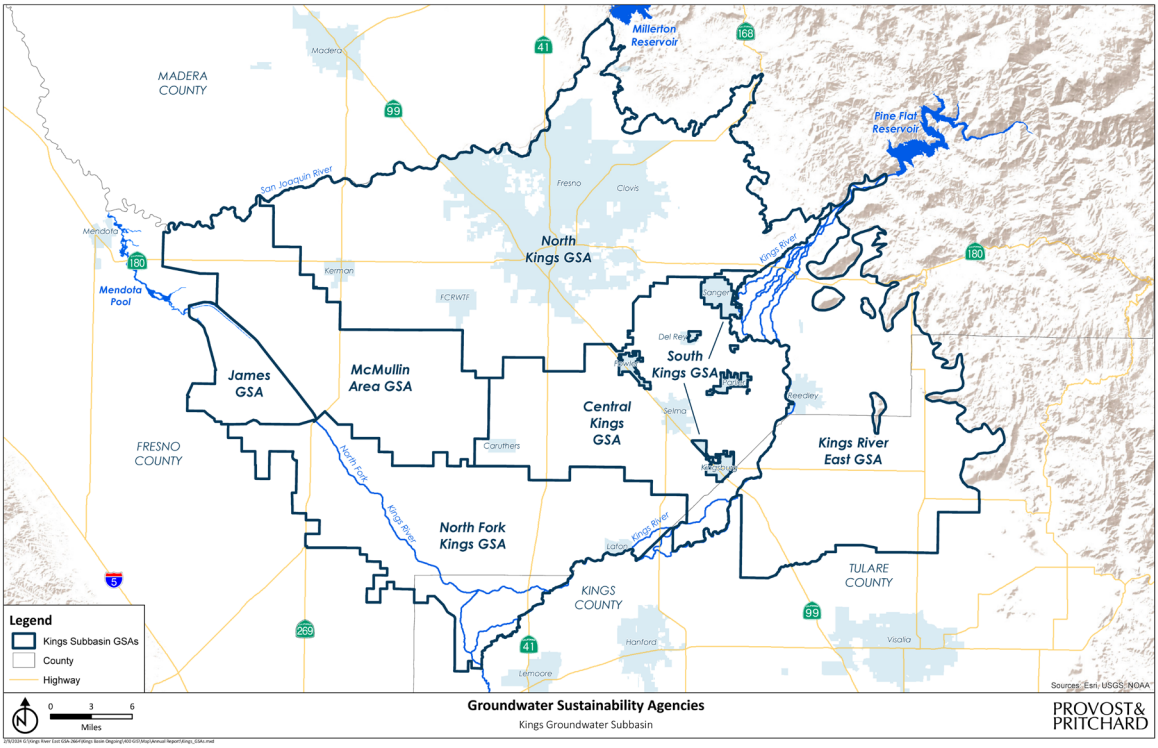
MY DRY WELL
KINGS SUBBASIN

Dry Well Relief Program

The Dry Well Relief Program is a pathway to help households who lose water if their well runs dry. As of Program launch in October 2024, eligible domestic well owners and State Small Water Systems in the Kings Subbasin can receive temporary water relief services and access long-term solutions if groundwater level decline caused their well to go dry.



Eligibility Requirements at a glance

The household must be located in the King Subbasin. Check your address on our Kings Subbasin Map at mydrywell.org.

Only **domestic (household) wells** and **State Small Water System wells** qualify for the Program.

Only **home/well owner** can apply for the Program. Owners will be asked to provide proof of ownership during the application process.

Only wells that have gone dry due to **declining groundwater levels** are eligible. Owners will be asked to provide a report from a well services contractor during the application process.

Only wells that have gone dry **on or after October 1, 2024** are eligible.

The **household's income** must be equal to or **less than 80% of the State median household income (MHI).** Applicants will be asked to provide proof of income during the application process.

About the Dry Well Relief Program

Eligible households will have access to temporary water relief services, including bottled water delivery and water tank installation while the Program team works toward a lasting solution to restore water supply access. This includes financial assistance through a combination of grants and zero interest loans to implement a long-term water supply solution like deepening the well or drilling a new one.

Benefits at a glance

Temporary water relief services including:
- Bottled water delivery every two weeks
- Routinely refilled water storage tank

Potential long-term solutions like:
- Lower pump at existing well
- Deepen existing well
- Drill new well

Financial assistance options including a combination of grants, and zero interest loans, depending on your area

How to Apply
